

10 Day Foundations in the BdT Trauma Recovery Focused Model

Certificate in Therapeutic Mentoring
2024-2025

Our mission is to bring recovery to children, young people and their families.
This will change generational behaviour patterns and bring restoration to
whole communities.

**"Your work is inspirational and your kindness and knowledge speak volumes.
I am so grateful that i could attend the training course.
It has changed me personally and impacted me professionally."**

Course Attendee

The Certificate in Therapeutic Mentoring (CTM) course has been designed by Betsy de Thierry as the foundations of the BdT Trauma Recovery Focused Model culture and method of working, to equip adults to see lives changed.

Betsy de Thierry, MA, is a Consultant Psychotherapist, Trainer, Author, Teacher, CEO of Trauma Recovery Global and BdT Training Ltd, and Founder & Chair of Trustees of the Trauma Recovery UK.

This course has been developed in response to the need to create teams of qualified professionals working around the traumatised child and young person to bring recovery and restoration.

This therapeutic mentoring course is planned to train an army of people to respond as nurses to traumatised people to work alongside the doctors and specialists and so respond to the urgent need to facilitate recovery to many.

Currently we can see in statistics that there is an urgency for people to train in effective methods to help children and young people recover from trauma.

Even more so with the current pandemic causing increased stress and trauma for many.

2024-2025

The Certificate in Therapeutic Mentoring (CTM) has had around 400 students over the last 10 years. It started as an in person training in Bath and then Oxford and is now also online.

Avenue:

- In person training in Bath.
- Online via Zoom is available

Here at TRG we value face to face training, as this is most beneficial for the attendees and trainers, and whilst we understand that some students will need to access online, we would love to meet you in person.

We are proud to say that we have kept the cost of the course the same, despite inflation for the past 8 years as Betsy recognises the cost of living crisis & funding available.

Cost:

The cost of the course is
£1750+VAT= £2,100 for
10 days training.

Evidencing your learning:

There will be an end of course assessment for you to evidence your learning and application.

Terms of service:

By booking a BdT training course you agree to our terms and conditions, a copy of which can be found on the Trauma Recovery Global website under the Training section at the bottom of the page.

References:

References only need to be taken if you are not currently employed in a school, police force, local authority setting. If you are in such as setting we will assume child protection procedures have been robust. For those who are not in such settings we will need references and a DBS.
